UNIVERSITY OF ZAGREB - STRATEGIC GOALS-

1. to continue to develop as a comprehensive university with a wide spectrum of research capacities and study programmes;
2. to support excellence in research and artistic expression in order to keep the position as one of the leading HE institutions in South Eastern Europe;
3. to act as a generator of technological, economic and social development in accordance with national strategic priorities;
4. to develop study programmes that correspond with the national social and economic needs;
5. to provide different forms of Life-long learning;
6. to respect the principles of morality, ethics and tolerance, enabling the students to become responsible participants of the modern democratic and multicultural society;
7. to increase international visibility of University through new initiatives for research collaboration and academic mobility, as well as study programmes available both to domestic and international students.
